

### **Nesel Fast Freight and Transport Gingras sold to V.A Transport Inc.**

On Wednesday, September 2, the Calyx Transportation Group announced that Nesel Fast Freight Inc. and Transort Gingras Inc. have been sold to V.A. Transport Inc., located in Boucherville, Quebec. Nesel and Gingras are both involved in servicing the furniture, appliance and electronics industry in Ontario, Quebec and the Atlantic Provinces.

The sale of Nesel and Gingras to V.A. allows Calyx and its operating companies to continue to focus on high growth opportunities within the transportation and logistics market. Our March 2009 acquisition of Totalline Transport, Kreative Carriers and Bransam Logistics demonstrates our commitment to our growth strategy and vision of becoming one of North America's leading providers of transportation and logistics services.

We are focused and excited about the growth potential of our remaining operating companies. The organization will continue on the mission of making Calyx a rewarding, ethical and fun place to work, with a clear focus on safety and customer satisfaction.
